

RUNDGANG 50HERTZ

The RUNDGANG 50HERTZ is a project to support arts academy graduates in the fine arts/visual arts. It is based on a cooperation initiated in 2017 between the Nationalgalerie im Hamburger Bahnhof – Museum für Gegenwart – Berlin and the transmission system operator 50Hertz. Young artists are promoted with a documentary film and a catalogue about their working processes – both are presented at the Hamburger Bahnhof, and, additionally, made accessible digitally via the project's website: www.rundgang50hertz.de

In the scope of this cooperation enabled by 50Hertz, we are inviting you to participate in the following limited call for participation in 2022-23:

LIMITED CALL

“Displacement as an aesthetic strategy”

Arts academy graduates are invited to apply who, in the sense of a transdisciplinary approach, take up the subject of *displacement* in their artistic work. *Displacement* is understood to mean the shifting of an object from one place or context to another. What happens with an object if it arrives somewhere where it traditionally does not belong? Why is it situated there? What significance does it have at its original site and what significance does it acquire by being *displaced* at the new place? What happens with its new environment? And what happens in the new context in the viewer who discovers it?

The topic is intensively discussed in the context of the restitution of cultural artefacts. It can, however, be understood in manifold ways, and can also be grasped as an artistic methodology: *displacement* of the art object, *displacement* of the viewer, *displacement* of the exhibition context or quite fundamentally as a global fact of the

present day (for instance, migratory movements). *Displacement* is at the same time a natural phenomenon and can also be thought of as a mental state. One aspect of these issues should be visible in the artistic work submitted.

This competition addresses **final projects by graduates**, master students and graduands of Berlin's art academies (University of the Arts and Weißensee Academy of Art Berlin) and the Academy of Fine Arts in Leipzig and the University of Fine Arts in Hamburg **who have completed their studies in the specialised area of fine arts / visual arts in the summer of 2022**. All media are welcome.

The RUNDGANG 50HERTZ project promoting young talent stands for diversity, equal opportunity and inclusion; we encourage people with disabilities to apply.

Please submit the following documents electronically:

- a) CV (maximum 1 page)
- b) Concept (maximum 1 page)
- c) Photos of the artistic works (maximum 5 pages)

Deadline: 30 September 2022

You will find the electronic application form and the possibility to upload the required documents at www.rundgang50hertz.de/limited-call

Your data may not exceed 10 MB. Please upload your data some time before the deadline expires (please not on the last day!).

We would appreciate your understanding that this year there is no possibility for the competition to answer queries. You will find all information necessary for the application on the website: www.rundgang50hertz.de
